CAREER OBJECTIVE

Ambitious Electrical and Computer Engineering student that is seeking an entry level position that offers opportunities in electronic circuit design, maintenance, and repair. Resourceful in troubleshooting and resolving complex technical issues and providing technical support. Can use different software to design, analyze, and simulate electronic circuits.

EXPERIENCE

Morgan State STEM Camp, Baltimore, Maryland

Student Mentor, Sep 2023 - Present

- Helped students learn about STEM and the opportunities available to them
- Coached teams of students in the development of projects related to engineering, programming, and other STEM topics.

DC College Access Program, Baltimore, Maryland

College Representative, Sep 2022 - Present

- Assisted DC-CAP College Retention Division in sending vital information about DC-CAP, university student support services, and financial information via email, flyers, social media, and word of mouth.
- Served as a liaison between currently enrolled DC-CAP students, the DC-CAP College Retention Division staff, and the university community.
- Developed and kept relationships with university departments and officials on behalf of DC-CAP.

Cleveland State University, Cleveland, Ohio

Undergraduate Student Researcher, May 2023 - Aug 2023

- Leveraged interpersonal skills when working with diverse groups on collaborative projects.
- Conducted literature reviews to find relevant sources of information.
- Gained experience conducting research in the rehabilitation engineering field.

Morgan State University Rise Program, Baltimore, Maryland

Student Advisor, Sep 2022 - May 2023

- Helped facilitate a learning environment for high school juniors/seniors and Morgan State Freshman
- Aided in organizing hands-on activities for students to learn about rocketry.
- Advised incoming first-year students on course selection based on their interests and abilities.
- Developed effective communication and interpersonal skills to effectively interact with students, faculty members, and colleagues.

EDUCATION

Morgan State University, 1700 E Cold Spring Lane, Baltimore, MD, 21251

Bachelor of Science (B.S.) Electrical Engineering Candidate, Expected graduation May 2024

Extracurricular Activities: Morgan State Rocketry Team
