Each intern receives Pediatric theory books, Licensure prep books, and toys and games for their clients

MSU BHIPP team and the 2021-2022 cohort meet virtually

Background

The BHIPP Program is a partnership between Morgan State University School of Social Work, University of Maryland's School of Medicine, and Johns Hopkins University's Bloomberg School of Public Health, with funding from Maryland's Department of Health and Mental Hygiene.

The Morgan State University School of Social Work component of this partnership is to train, place, and supervise master level, social work interns, in pediatric primary care offices in Baltimore City.

About Us

POSITION SUMMARY

The Morgan State University School of Social Work BHIPP MSW intern will be co-located in a pediatric primary care office 3 days per week, or 2 days extended placement, for their Concentration year of the MSW educational program. Potential placement sites are Pediatric Centers in an urban area such as: Mercy Hospital, Total Health Care, Dr. Kenneth Tellerman's office and others. The field supervisor will be designated by the BHIPP Morgan State University School of Social Work program.

WHY BECOME A BHIPP INTERN?

BHIPP Interns receive:

- Additional monthly clinical training
- Monthly consultation calls
- Take part of a research study
- Receive expert training
- Participate in free conferences, webinars and networking events
- BHIPP Interns receive a Tuition Stipend of \$5000 for the Academic Year

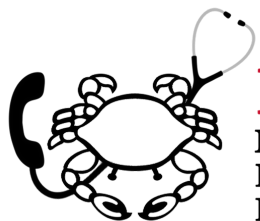

Who is Eligible?

Urban children and public health concentration MSW students who have a specific interest in urban children and their families are eligible to apply. Students must meet, at a minimum, the following conditions:

- Be a U.S. citizen or eligible to work in the United States, with documentation
- Be a full-time student (registered for at least 9 credits)
- Select Public Health or Urban Children, Youth, and Families as the concentration

Have at least a 3.0 GPA

- Be enrolled in a field practicum course at Morgan State University
