Major _____

Number of Credits Earned _____

Original Catalog Year _____

Proposed Catalog Year _____

I am requesting to change from my original university academic catalog based on the date of my admission to the institution and to follow the program curriculum as outlined in the proposed catalog. I understand I must complete all degree requirements for my major as defined in the new proposed catalog that I am selecting, and will not be able to mix requirements from different catalogs. I further understand that I will not be permitted to revert back to my previous catalog after this request is approved and processed.

Student's Signature
