Please **carefully** read the POLICY ON STUDENT CLASSIFICATION FOR ADMISSION AND TUITION PURPOSES and PROCEDURES FOR STUDENT RESIDENCY CLASSIFICATION FOR ADMISSION, TUITION AND CHARGE-DIFFERENTIAL PURPOSES of Morgan State University, which contain residency requirements, procedures and appeal information. The full text of the policy and procedures are available in the University Catalog, online at [http://www.morgan.edu/Academics/Academic\\_Catalogs.html](http://www.morgan.edu/Academics/Academic_Catalogs.html). I affirm that I have read the policy and requirements for establishing in-state status as well as the information provided below.

## IMPORTANT INFORMATION REGARDING APPLICATIONS FOR CHANGE IN CLASSIFICATION:

- **The application submission deadline is the last published day to register for the semester for which you are seeking in-state status. The Office of Records and Registration, however, strongly encourages applicants to submit the application well in advance of the late registration period.**
- Read the application carefully and complete ALL sections of the application that apply to you. Failure to complete all applicable sections of the application and submit ALL required documentation may result in a denial of in-state status.
- Merely matriculating at Morgan State University for at least one year, or more, does not qualify an out-of-state student for in-state status, even if all 9 indicia are met. It must be clear and convincing that an applicant for in-state status is residing in Maryland other than to attend Morgan State University. The classification officer determines this by reviewing a vast number of facts.
- If you cannot provide the required information, you must attach a separate sheet with a clearly written explanation. Do not write in the margins of the application.
- Only one application may be filed per semester.
- Requests for retroactive changes are not accepted.
- No materials or documentation will be returned after the application is submitted.
- The review of the application and an initial determination of the status may take a substantial period of time, not including subsequent appeals. You will be responsible for non-resident tuition as well as all late fees and finance charges accrued during the entire process.
- If claiming dependence, the person upon whom the student is dependent must have his/her signature notarized. It is the responsibility of the applicant to determine the location of a notary.
- In the cases where affidavits are accepted, they must be typed, dated, notarized, and contain information as specific as possible including dates, addresses, amounts, etc. Please check in advance for instructions.
- Please note: Graduate Assistants who were admitted as out-of-state students are assessed tuition at the in-state rate, **only** as a benefit of their employment. All out-of-state graduate assistants who have met all residency requirements and wish to change their status to in-state must file a timely petition with the Office of Records and Registration in accordance with policy requirements.
- Before submitting the completed application we strongly encourage you to obtain a receipt confirming in-person delivery of the application and all supporting materials from the Office of Records and Registration. Applications slipped under any door will not be considered. Applications sent to the Office of Records and Registration via United States Postal Service (USPS) must use accountable mail for which the sender will receive a receipt. Uncertified materials will not be reviewed or returned.

## **INSTRUCTIONS:**

### **Section 1: Student Information**

This section must be completed by all student applicants for in-state status.

### **Section 2: Basis for claiming In-State Status**

This section must also be completed by all student applicants for in-state status.

### **Section 3: Income and Expense Information for Student**

This section must be completed by all students who indicated either A or B in Section 2. Please be sure to include with your application documentation for all sources of funds you list in this section. Any undocumented sources of funds cannot be considered. In most cases, acceptable forms of documentation are W-2 forms, pay-check stubs showing year-to-date income, financial aid award letters, employer confirmation of employment dates and income on employer letterhead, and employment contracts. The evidence should document any Maryland employment and earnings history through sources beyond those incident to enrollment as a student in an educational institution e.g., beyond support provided by work study, scholarships, grants, stipends, aid, student loans, etc. Note: Tuition costs will be considered as a student expense only to the extent tuition exceeds the amount of any educational scholarships, grants, student loans, etc.

If you are uncertain about your exact expenses, please carefully estimate, however you must be able to explain the basis for your estimate. Your figures regarding rent/mortgage, tuition and fees, utilities, and motor vehicle insurance should be exact; however, if exact figures are not available, please provide an explanation. Please list all employers for the past two (2) years, with specific dates of employment.

### **Section 4: Student Residency Information**

The student applicant must complete Section 4. Please make sure to attach photocopies of all requested documents. Students must complete this section even if claiming financial dependence upon another resident of the State of Maryland.

### **Section 5: Residency Information for Person upon Whom Student is Financially Dependent**

Students who are financially dependent on another person must have that person complete Section 5. Please make sure to attach photocopies of all requested documents.

### **Section 6: Information Pertaining to Full-Time Active Duty Members of the Armed Forces of the United States or Members of the Maryland National Guard**

Please review the residency policy before completing this section.

### **Section 7: Rebuttal Evidence**

This section must be completed by **all** students who indicated "A" in Section 2. Satisfying the requirements listed in paragraphs A through I of Section II of the policy does not rebut the presumption that a student is in Maryland primarily to attend an educational institution. To overcome the presumption, a student must present additional evidence.

To determine a student's intent, the University will evaluate evidence of a student's objectively verifiable conduct. Evidence that does not document a period of at least twelve (12) consecutive months immediately prior to and including the last date available to register for courses in the semester/term for which the student is seeking in-state tuition status is generally considered an unfavorable factor under this policy. Evidence of intent must be clear and convincing and will be evaluated not only by the amount presented but also based upon the reliability, authenticity, credibility, and relevance of the evidence. The absence of objective, relevant evidence is generally considered an unfavorable factor. A student's statement of intent to remain in Maryland in the future is generally not considered to be objective evidence under this policy.

In addition to financial evidence documenting a student's independent status, or dependence upon a Maryland resident, other evidence that may be considered includes, but is not limited to substantial participation as a member of a professional, social, community, civic, political, athletic, or religious organization in Maryland, including professionally related school activities that demonstrate a commitment to the student's community or to the State of Maryland; registration as a Maryland resident with the Selective Service, if male; evidence showing the student uses his or her Maryland address as his or her sole address of record for all purposes including on health and auto insurance records, bank accounts, tax records, loan and scholarship records, school records, military records, leases, etc.; an affidavit from a person unrelated to the student that provides objective, relevant evidence of a student's conduct demonstrating the student's intent to live permanently in Maryland.

### **Section 8: Affirmation of Applicant and, if Dependent, of the Person upon Whom Student is Financially Dependent**

The student applicant must sign this section but a notarized signature is not required. A NOTARIZED signature is required of the person upon whom the student applicant is financially dependent.
