# Humanitarian Shelter and Settlements

FEB 8 @ 5 - 7 PM

CBEIS Atrium

Live Stream on [YouTube](#)

Humanitarian shelter and settlements are lifelines for people who have been forced to flee their homes due to conflict, natural disasters, or other emergencies. They provide a safe and secure place to live, as well as access to essential services such as water, sanitation, and healthcare.

Join us to learn more about humanitarian shelter and settlements in the context of architecture and global migration.
