

MORGAN STATE UNIVERSITY JOB SPECIFICATION

PEST CONTROL SPECIALIST

Class Code: N1100
Pay Range: 11

FLSA Code: N/E (Non-Exempt)

JOB SUMMARY

Under general supervision, evaluates and controls pest's problems in buildings and surrounding grounds. Provides technical assistance and advice regarding pest control.

PRIMARY DUTIES

1. Responds to complaints and inquiries regarding indoor and outdoor pest problems. Resolves complaints, identifying the causes of the problem and working with appropriate personnel to ensure a practical solution.
2. Determines infested areas and the degree of infestation by visual survey.
3. Operates a variety of equipment such as: microscopes, sprayers and hand and power tools. May be required to operate hydraulic or aerial lift trucks.
4. Calculates the dilutions of pesticides and mixes. Ensures proper storage of chemicals according to rules and regulations.
5. Controls pests using biological, chemical, and mechanical methods.
6. Performs minor maintenance to prohibit pests from entering buildings, e.g. caulking; coordinates with other departments to assist with pest control.
7. Orders supplies, materials, and equipment for the department; initiates purchasing documentation.
8. Evaluates treatment results and prepares a variety of reports. Prepares all documentation to meet applicable requirements.
